Dear Ms. Rodriguez,

Thank you for requesting approval of the i-Score Ultra. We have completed our review.

The i-Score Ultra is approved for use in Washington State. The approval is contingent on the following requirements.

Requirements for House-Banked Card Game Licensees:

- If connected to the ShuffleStar Shuffler, ensure the keypad is only attached to the i-Score Ultra during configuration of the display.
- Ensure there is a user login and password set up on the PC table processor prior to startup to limit access to unauthorized users.

Tribal Casino Implementation:

- Ensure internal controls are revised to include new equipment and procedures and are approved by the Tribal Gaming Agency and concurred by the Washington State Gambling Commission.
- Ensure only approved equipment is connected to the i-Score Ultra (ShuffleStar Shuffler).
- If connected to the ShuffleStar Shuffler, we recommend the keypad is only attached to the i-Score Ultra during configuration of the display.
